LOCAL SILVERSMITH **Mary Ellen McDonald**, a real Montana cowgirl, has been working in silver for over the past five years. Each piece is designed by her and handcrafted. All of her jewelry is solid sterling silver and she uses a variety of semi-precious stones, some of which she collects, cuts and polishes. She is a member of the local Helena Mineral Society and enjoys hunting for colorful and unique stones to use in her jewelry. Some of her favorite and most popular pieces reflect her true western spirit. She resides in the country near Helena, Montana, with her husband, five horses, dog and cats.
